Docket No. 98N-1265 6 '99 MAR 24 P1:40
Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I am a mother of 3 daughters.
For the past 2 years I have been dealing
with severe P.M.S. I was steadily getting
worse. I thought I was going to die from it.
My OB-GYN wanted to put me on Prozac.
But I just couldn't take that for an answer.
So I went to my Thyroid - Hormone doctor.
I was in tears and desperate for help.
He put me on Natural Progesterone, which I'm
having shipped to me. I FEEL LIKE A NEW
PERSON!! If you take this away from me
I will suffer and so will my children, because
I won't be able to function normally.

Please don't
do this!!!

Please fold, seal, and mail by March 22
